

EU e-Learning module

## EU Centralised Clearance for Import (CCI), Phase 1

*Leading for results.  
Learning for purpose.*

Centralised Clearance for Import simplification allows economic operators to lodge one customs declaration at one customs office regardless of where the goods are presented. The economic operator communicates only with the supervising customs office as single point of contact!

The digitalisation of the Centralised Clearance for Import concept at EU level is achieved by the EU Centralised Clearance for Import, Phase 1 System, that implements the streamlined communication between the different Customs Offices in different Member States.

### Scope

This eLearning module will guide the trainee through the UCC Centralised Clearance for Import (CCI) concept that will be applied with the implementation of the EU CCI Phase 1 system, and it will focus on the benefits and impact of the system in the procedures.

Upon completion of this module, the trainee will be able to understand, in the respective role as customs officer or trader, the system, their main functionalities and the benefits that the use of the system will bring to the process.

### Audience

This course is addressed to economic operators and customs officers from national administrations dealing with the UCC Centralised Clearance for Import (UCC CCI) procedure.

### Learning Outcomes

- Understand the basic principles of the UCC Centralised Clearance for Import (UCC CCI) Simplification concept;
- Be familiar with details of the UCC Centralised Clearance for Import procedure;
- Learn the benefits and impact of the EU Centralised Clearance for Import, Phase 1 System.

To benefit fully from the course and achieve the learning outcomes, it is recommended to integrate the course in your own training programme and develop a blended learning strategy.

## Features

- The course is designed to be flexible and personalised. Users may start, pause and resume the course where they left off, at their convenience.
- Users select from 2 different roles: Economic Operator and Customs Officer.
- Real-life case studies are presented, covering the EU CCI P1 process with Standard Customs Declaration and the process with Pre-logged Customs Declaration.
- Periodic questions and knowledge checkpoints.
- The transcript can be activated and deactivated in the upper right corner of the screen.
- A course summary is available in a printable format on the Portal. You can also print any screen of the course with the Print option.

## Course duration

Depending on the role of the course you follow, it takes to complete:

- Economic Operator role - around 1 hour
- Customs Officer role - around 1,30 hours

## Available languages

The course is available in English.

However, consult the [Customs & Tax EU Learning portal](#) for the availability of further EU language versions.

## Let's get started!

- The eLearning module is publicly available and is accessible via the [Customs & Tax EU Learning portal](#).
- If you experience technical issues, click on the FAQ or Support buttons of the [Customs & Tax EU Learning portal](#).
