

# Uniform User Management and Digital Signatures system (UUM&DS): Your passport to EU Applications eLearning module

This easy-to-use eLearning module is based on the Union Customs Code and produced by the European Commission under the Customs 2020 Programme.

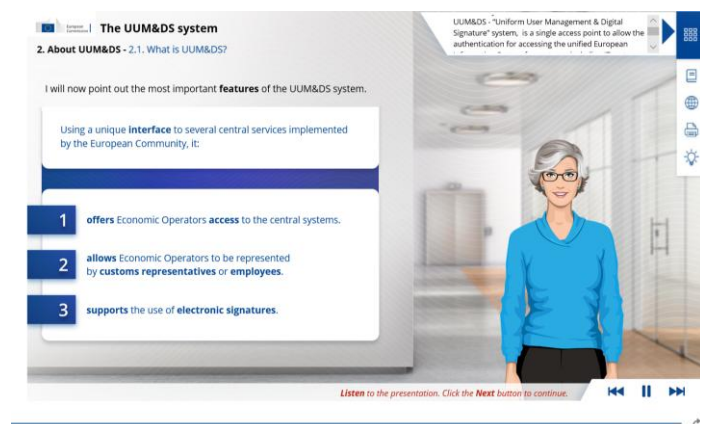

This course provides you with specific information about the new EU-wide Uniform User Management and Digital Signatures system that offers to Economic Operators an unified access to a number of supporting IT systems such as UCC Customs Decisions, EOS-AEO, COPIS, UCC BTI usage and decision, including central services for electronic submission of declarations.

Upon completion of the course, you will be able to confidently work with the UUM&DS and carry out delegation, certificate registration and authentication processes within the UUM&DS process flow.

To fully benefit of the potential of this course, we recommend to integrate the course in your own training programme and to develop a full blended learning programme.

## Target audience

Economic operators using EU Customs systems.

## Learning objectives

By the end of this course, you will be able to understand:

- the basic principles of the use of the UUM&DS system,
- the general functionalities of the system,
- the benefits of using this system,
- and apply the Economic Operator's management and delegation tasks within the UUM&DS system.

## Course duration

The course takes around 30 minutes.

## Available languages

The course is available in English.

Consult the table on the [EUROPA](https://ec.europa.eu/eurostat/tgm/table.do?tab=table&init=1&language=en&code=sdg-10-10-1) website for the availability of further EU languages versions.

Authentication with delegation for:

**MS Type A/B/C – Second Level  
Mandated Person representing an EO**

**MS Type D - WAYF (type D) - CR  
representing an EO**

## Particularities of this course

This course is designed to address the needs of the Economic Operators, their Customs representatives and employees after the release of the UUM DS system in 2020.

You can see real examples of the system interface and experience “hands-on” activities.

This course is not part of the UCC eLearning programme, but somehow is connected to several UCC Level 3 eLearning modules addressing the IT systems that are accessible via UUM&DS.

## General Features

You may interrupt your course at any time. When reopening the course you can resume where you have left the course off.

Beside the menu, a course map allows you to quickly access to the sections and subsections. The course map is placed in the upper toolbar of the course.

A course summary of the most relevant information is available in a printable format in the course. You can also print any screen of the course with the print option.

## How to start and use these eLearning courses?

- Select the version you wish to download.
- You have the choice between 'no-SCORM' (iso, exe, html/html5) and 'SCORM' (for LMS systems).
- Read the Quick Start Guide available in the downloaded zip folder. It explains how to install the courses to your system.
- Using the course does not require a high level of information technology skills from the learners.
- In case of technical issues contact first your local administrator. If the problem persists, send the description (including screenshots) to [taxud-elearning@ec.europa.eu](mailto:taxud-elearning@ec.europa.eu)
