

Customs procedures are the set of managements and operations related to imports or exports of goods to and from the EU, as these are defined by the **Union Customs Code (UCC)**.

The easy-to-use eLearning course **Customs Transit** is based on the Union Customs Code and is produced by the European Commission Directorate General for Taxation and Customs (TAXUD) under the Customs 2020 Programme.

Scope

It provides **fundamental knowledge** in the domain of customs transit and the **related procedures** as defined by the **Union Customs Code (UCC)**.

Audience

Customs professionals in both the public and private sector interested in customs transit, the different movements of goods and various transit procedures.

Learning Outcomes

By the end of this 90-minute course, you will have learned about:

- the concept of customs transit;
- the different customs transit scenarios;
- external transit and internal transit;
- the Union and common transit movement;
- the TIR transit movement;
- the other transit movements;
- explain when and how to apply the enquiry procedure;
- the various simplifications.

To benefit fully from the course and to achieve the learning outcomes, it is recommended to integrate it in your own training programme and develop a blended learning strategy.

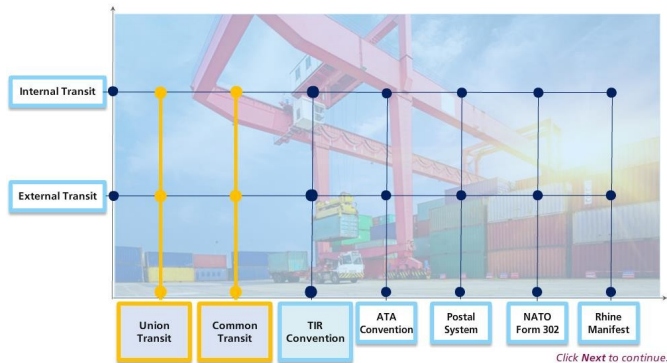

Features

Chapter 2 and 3 explains customs transit in general.

Chapter 4, 5 and 6 gives more detailed information about the specific transit movements.

You may interrupt your course. When reopening the course, you can resume where you left off. The completed sections are indicated in yellow in the menu.

A course summary of the most relevant information is made available in a printable format in the course library.
